THE HISTORIC DETROIT RUN

TOGETHER — Cross-Country 1999 was a great success. For the first time in memory we had both a full boys' and girls' team. The boys' captains were Seniors Aaron Bontrager and Joel Edds. The captain of the girls' team was Jr. Nishi Kumari. Team members showed continued improvement throughout the season. Thirty-five best times were set, and twenty of the goals they set were met. Perhaps the most significant thing the team did was to re-enact Chief Wahbememe's run from Detroit to White Pigeon. It took three grueling days of hard work and determination to make it back home, but with constant effort and Chief Pride the runners knew they could do it. When they arrived back home though they were covered in sweat and their feet ached, they knew they accomplished what no other school has done before. Not only did they re-enact a time in history, but they also raised community spirit and established greater team pride and unity. **WAY TO GO!**

The White Pigeon boy's basketball team had an outstanding season this year! They had the perfect team chemistry to bring home a league championship. Although it was a fierce battle between White Pigeon and Schoolcraft, White Pigeon came out on the top. Brett Cropsey, Hans Miller, and Gabe Macias received SJV All-League Awards. Jason Weaver and Ryan Baechler received Honorable Mention. The team received the Kalamazoo Gazette's number one rating for the area. But unfortunately all good things must come to an end. The Chiefs' coach, Jeff Baechler, announced that this year was his last for coaching the boys. The Chiefs are also losing six seniors after this remarkable season but still have five returnees that give White Pigeon's basketball program a good future. Despite a devastating loss at Districts this year, the Chiefs met all of their team goals. Their record was great! Overall they finished 18-3 and 11-1 in league.

Consider us for your transportation needs. We have a fleet of more than 30 trucks and 3 different types of trailers to serve your transportation needs.

Some people think that you've got to go away to college to get a quality education. Yet nothing could be further from the truth.

You can get a great education right in your own backyard without the expense of living away from home...and without giving up your full or part-time job.

Community Colleges

Where America Goes to College

- 55% of all first time freshmen choose community colleges.
- Over 5 million students attend community colleges across the country.
- Community colleges eliminate the high cost of living away from home.
- Tuition for community colleges averages about half the cost of public four-year colleges and universities
- Save over \$6,000 per year compared to public state college costs.
- Save over \$13,000 per year compared to private college or out-of-state public college costs.
- The college guarantees your credits will transfer to four-year schools. Meet with a Glen Oaks counselor for details.

*So remember... learning does not improve with distance.
In many ways, it gets better the closer you are to home.*

For more information about quality
educational programs and services,
