Let's Go Chiefs! During the homecoming assembly, everyone stood up and cheered to get the football team pumped for their game against River Valley.

Are they goofing off or actually reading? Freshman Kyle Black and Junior Hunter Rummmler read a newspaper during the Read-A-Thon.

Homecoming day 2: Formal Attire. A group of Sophomore's participated in this dress up day. They "dressed to impress", said Courtney Delarye.

A group of Junior girls are enjoying the Halloween dance on October 31st. Birdie Murphy dressed as a zombie, Grace Keyer as a scarecrow, Hailey Personette as an ostrich, and Robyn Watson as a loofa.

Middle School Student Council is very similar to the High School Student Council. The Middle School Student Council is the voice of the entire middle school student body. They participate in middle school dances, spirit week/assemblies, and a penny pitch. They also planned reward days where eligible students went to the Strand Theater to see a movie, and took another trip to Eby Pines Family Fun Center where they went skating and played laser tag and a bowling day in Sturgis.

Of the things we think, say and do....

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build good will and better friendships?
4. Will it be beneficial to all concerned?

Interact

Interact is a service based club that helps get students involved in their school and community. Advised by Rotarian Gabe Macias, Interact is involved in many activities. Each year the club takes a vocational trip to a business in the area to see what different types of jobs are available. Interact is also in charge of the courtyard clean-up project, where members help keep the courtyard looking its best. Other activities this year included: judging the elementary Halloween costumes, ringing bells for the Salvation Army, and raising money to eradicate polio.

Peer to Peer

Let's make a change! Showing their presentation on autism, Sophomore Josh Haarer and Freshman Robert Bunnell helped raise student awareness for autism. Working together the club came up with ideas to help support students with autism.

Peer to Peer is a club where members come together and help tutor students who need a little more help than others. Not only do they help tutor, they also put together activities for the school to help raise awareness on topics such as: bullying, autism, and more. This year, members raised awareness about autism by going around and selling suckers, pencils, and stickers. They even had students sign puzzle pieces, before they put them up on the wall, to show their support. Peer members come together to help one of their members with classes that he struggled in by tutoring him. Members meet on Tuesdays during lunch to discuss what they could do next to make a difference.

Active Members

Sophomores: Aiden Adams, Elijah Carr, and Josh Haarer. Freshmen: Madison Andrews, Jordan Beardsley, Robert Bunnell, Morgann Campbell, Dakota Conley, Mitchell Howe, Courtney Knight, Katie Long, Dacota Matson, Liz Phillips, and Elijah Young.

This club also puts together activities throughout the year. For example, this year members put together an activity to have students come together and write what they are thankful for in honor of Thanksgiving. They also did other activities like, candy grams for Christmas, and Valentine's day.

JV FOOTBALL

This was a different type of year for our JV football program, a lot of our normal league schools did not have a JV program this year, it gave us the opportunity to play some new teams and introduce them to White Pigeon football!!

Our team came together quickly. We had limited numbers and were under sized at many positions. Our toughness, determination and never quit attitude shined throughout the year.

This is a great group of young men that worked hard every day to get better, and make the team better, which showed on the field. The next two to three years should be exciting to watch as they move up to the varsity level.

"The boys team was young this year and still placed 3rd in the conference. The program will be improving the next two years, and it will be great to watch them.

The girls team had a good year, it would have been better if seniors would have been able to run more in meets. Still they did well with two all-conference runners who will both be back next year and I will expect a lot more from them."

Camp Eberhart is a team building field trip that is only for freshmen. This field trip takes place early in September. Students spend the day doing team building activities and general exercises that help build friendships as a class and improve overall morale. This trip is important for the freshmen because it helps to get their high school career off to a good start by giving students an opportunity to renew old friendships and create new ones as they participate in the camps challenges with their fellow classmates. These pictures are just a few glimpses into the fun they had and how much they enjoyed the trip.

Walking the line! These Freshmen are playing a game in which you try not to fall while passing a ball though your legs to the next person.

Despite the chill in the air, the female court members managed to place beautiful smiles on their faces during half time of the Homecoming game Friday, October 16th. Each fall season, one male and one female from grades nine through eleven were chosen by their fellow peers to represent each class. Five senior couples were elected to compete for the Homecoming King and Queen crowns. During the school day, students watched a video of all ten seniors being interviewed by the Student Council depicting why each nominee should be selected for the role of King or Queen. After watching the video, all high school students were given a ballot to cast their vote. The 2015 Homecoming King and Queen were Anthony Rin and Cheyenne Yoder. Rin, when asked how he felt about winning the crown, answered, "It was a good feeling. Very memorable."

2016 Seniors

Seniors' Last Days

As the Senior class gets closer to graduation, many events take place. Seniors first have to present their portfolios to a pair of important White Pigeon Village residents at the exit interviews. The second event is the senior lunch. The class advisers and class officers put together a menu and set up the library for the seniors last lunch as a high school class. The next event to take place is the class trip. This year the class decided to do things a little different. Instead of going to Cedar Point like other classes have in the past, they took a trip to Detroit. They went to the Detroit Zoo, the Renaissance Center, and a Tigers game. The day before graduation, the seniors enjoy a home made breakfast, prepared by their parents, while they open the time capsule letters they wrote to themselves in eighth grade. Following breakfast, the seniors move to the gym to practice for graduation. Right after graduation practice, the seniors head out to the student parking lot to do the annual senior drive around.
